

MASTERCLEAN BRIS

DESCRIPTION:

Aqueous liquid product specially designed to be used as windscreen wiper fluid.

APPLICATIONS:

- ✓ Methanol-free, reducing its harmfulness compared to other competing products.
- ✓ Formulated with biodegradable surfactants, providing a safer product for the environment.
- ✓ Powerful windscreen washer, totally soluble in cold and hot water.
- ✓ Its foaming characteristics allow maximum contact of the product with the glazed surfaces, thus achieving a deep and rapid removal of dirt.

PROPERTIES:

- ✓ It does not damage the paintwork of vehicles and does not lead to rusting.
- ✓ Compatible with the rubber of cleaning brushes.
- ✓ Its application improves visibility and removes mosquitoes, other insects, and all kinds of dirt.
- ✓ It can also be used to clean other glazed surfaces of the vehicle, both exterior and interior, achieving an easy clean and a shiny finish.

DIRECTIONS FOR USE:

Pour directly into the windscreen or headlight washer fluid reservoir. .

It can be used pure or diluted with water (recommended at 50%).

TECHNICAL DATA

PHYSICAL-CHEMICAL PROPERTIES	VALUE
Appearance	Transparent liquid
Colour	Blue
pH	7.0 – 8.5
Flash point , Min. (°C)	> 100
Onset of crystallisation, °C	-6

PRESENTATION:

1 L and 20 L containers and 200 L drums
