

VISCOFLOW 300 (LONG - LIFE)

DESCRIPTION:

Honey-colored lubricant fluid, formulated for the lubrication of all types of chains, particularly recommended for ROLAND machinery.

PROPERTIES & ADVANTAGES:

- ✓ Excellent adhesion.
- ✓ Excellent protection against corrosion.
- ✓ Extreme capacity to withstand powerful continuous and impact loads.
- ✓ Resistant in aggressive environments (exposure to the sun, moisture, dust, vibration)
- ✓ Easily pumped.
- ✓ Resistant to hot and cold water.
- ✓ Long-Life.
- ✓ Excellent anti-aging power.

APPLICATIONS:

Special highly adherent oil for chains.

TECHNICAL DATA:

| PHYSICOCHEMICAL CHARACTERISTICS | STANDARD | VALUE |
|---|------------------------|-----------|
| Color | ----- | YELLOW |
| Viscosity cSt 100 °C, standard. | ASTM D-445 | 300 |
| Pour point, max. °C | ASTM D-97 | -30 |
| 4-ball EP test, nw | DIN 51350 | 5500 |
| Timken load, lbs | F.T.M.S. 791 MET. 6505 | 60 |
| Water resistance +90 °C | DIN 51807 | RESISTANT |
| Protection against corrosion | DIN 51802 | LEVEL 0 |
| Protection against oxidation (100 hours at 100 °C), bar | DIN 51808 | 0.5 |
| FZG, pass | DIN 51354 | 13 |

PACKAGING:

1-litre and 5-litre bottles and 50-litre drums.
