

STRUB Stabillo Cut Challenge

Universal performance, biostatic semi synthetic coolant

Article number 31358

Description

Water-soluble universal coolant, with low consumption (smaller droplet size). STRUB Stabillo Cut Challenge is biostatic with good resistance against microorganisms and fungi. STRUB Stabillo Cut Challenge is not sticky, has excellent cleaning and penetrating properties, and reemulsifies easily. STRUB Stabillo Cut Challenge is free of toxic materials like DEA, DEA-releaser, nitrite, nitrite-releaser, organic chlorine derivatives, PCB, PCT, PTBB, etc. and fulfils TRGS 611.

Application

Universal such as milling, turning, drilling, sawing and cast iron, steel, steel alloys. No stain on aluminium 6000 - 7000 series.
Copper corrosion test 40°C 3H 1b (pass).

Features and Benefits

- ✓ High bio stability
- ✓ Low consumption and good washing properties
- ✓ Good corrosion protection
- ✓ Low foaming, also in soft water
- ✓ Skin friendly
- ✓ Best price quality performance

Mixing Ratio

- Grinding	5%
- Turning,	6% to 8%
- Drilling, milling	6% to 8%
- Reaming	7% to 9%
- Thread cutting-, rolling-, molding	8% to 10%
- Sawing	8% to 10%
- Deep hole drilling	9% to 12%
