

STARTWIN 4T GARDEN 10W40

DESCRIPTION:

Latest generation multigrade lubricant oil, especially formulated to meet the requirements of 4-stroke engines.

APPLICATIONS:

Garden machinery with air-cooled 4-stroke engines.
Cultivators, Motor Cultivators, Lawnmowers, Scarifiers, Lawn tractors, Motor mowers, electrical Generators.
Suitable for 4-stroke Petrol or Diesel engines.

ADVANTAGES:

Excellent wear and tear and detergent capacity, providing maximum protection and cleaning of the engine.
Its semis-synthetic formulation provides an extra grade of excellent rust resistance, providing excellent service life.
Thanks to its multigrade nature, it affords excellent cold pumpability and hot lubrication.
Excellent protection of the engine and piston, avoiding seizure.

SPECIFICATIONS:

API SN
JASO (MA/MA2)

TECHNICAL DATA:

<u>PHYSICOCHEMICAL CHARACTERISTICS</u>	<u>STANDARD</u>	<u>VALUE</u>
SAE GRADE	SAE J300	10W40
VISCOSITY INDEX, Min.	ASTM D-2270	150
POUR POINT, °C, Max.	ASTM D-97	-30
FLASHPOINT, °C, Min	ASTM D-92	210
TBN, mg KOH/g, typical	ASTM D-2896	5,5

PACKAGING:

1L bottle.
