

Attention:

Due to the separation of the Daimler Truck AG (DTAG) and the Mercedes-Benz Group AG (MBAG), DTAG is forced to change the fluid specifications. Therefore DTAG introduces the DTFR (Daimler Truck Fluid Release) specifications. The migration of products will be done in two phases. Phase 1 is already finished. Phase 2 will be done in the time from April 2023 to Mai 2024.

In the table below you can find the appropriate specifications related to the old sheets.
